Suffered Terribly from Eczema which Made Hands and Feet Swell, Peel and Get Raw - Arms Affected, Too - Gave Up Hope of Cure.

#### USED CUTICURA AND WAS QUICKLY CURED

"I suffered from eczema on my hands, arms and feet for about twelve years, my hands and feet would swell, sweat and itch, then would become callous and get very dry, then peel off and get raw. I tried most every kind of and get very dry, then peel off and get raw. I tried most every kind of salve and ointment without success, only got temporary relief. As soon as I would leave off using them I would be as bad as ever. I tried several doctors, took arsenie for two years and at last gave up thinking there was a cure for eczema. A friend of mine insisted on my trying the Cuticura Remedies but, supposing they were the same as other 'cures' I had tried, I did not give them a trial until I got so bad that I had to do something. I secured a cake of Cuticura Soap, a box of Cuticura Gintment and a bottle of Cuticura Resolvent and by the time they were used I could see a vast improvement and my hands and feet were healed up in no time. I used several bottles of Cuticura Resolvent. This was over a year ago and have had no trouble since. I think I am entirely cured. Charles T. Baver, R. F.D. 65, Volant, Pa., Mar. 11, 1908."

WRECKED BY STREET CAR.

Woman's Grief is Pitiable as She Views Result of Disaster,

A sudden gust of wind blew a picture nat with numerous puffs from a wom an's head early lust evening at Second South and State streets, and the vast aggregation of hirsute millinery blew under a passing street car. The suffer-er gave a scream loud enough to awaken the Seven Sleepers of Greece, and made a frantic dive to rescue the combinaa frantic dive to rescue the combination. But, alas, too labe, for the wheels
of the car had crushed out of that picture hat and accompanying paffs all
semblance of their original symmetry.
The motorman and passengers thought
some one was being run over, the motorman throwing on the air hard
enough to send the passengers rushing
up into the front end of the car. The
victim of this distressing accident,
pulled her mutilated headgear from under the car, and rataing her voice, wept
with prefound pathos. People gathered
around to sympathize, but, strange to
relate, no one was thoughtful enough to
take up a collection to replace the relate, no one was thoughtful chough to take up a collection to replace the ruined property. The woman declared she was going to sue the street car company for exemplary damages, and went sorrowfully away, with the wreek in her hand. She refused to be comforted, or give her name to the reporters who flocked around. -

CAROUSE OVER DEAD BODY,

Visitation of Grim Reaper Does Not Affect Saloon Loafers,

The fact that the body of a dead man lay on the floor where it had fallen, made no difference to a gang of saloon loafers in Bombino's saloon on Com-

loafers in Bombino's saloon on Commercial street last night.

Thomas Jones, aged 71 years, who had worked as porter of the place, fell to the floor at 7.30 last night and died within a few minutes. Justice Hanks was notified and while waiting for the arrival of the official, the crowd of men in the saloon sang, joked and drank, paying no heed whatever to the lifeless body. The police were notified and they called Justice Hanks. The body was remeved to Joseph William Taylor's undertaking establishment. The man had been suffering from asthma and many complications.

#### ORDERED HER OWN COFFIN.

Walking into the undertaking estabishment of Joseph William Taylor about 11 o'clock last night, Hazel Ward, a woman of the town, calmly sald:

"Get me a coffin, I've taken strychnine and will be dead in five minutes She was hurried to the emergency hospital where a physician gave her an antidote and succeeded in pulling the woman out of danger. While she had taken poison, she did not get enough into her system to cause death. She recently completed a term of 90 days n the city jall for vagrancy.
